<DESCRIPTION>

<CONTACT-EMAIL>gtsutherland1@juno.com

<TEXT>Through the adoption of a flat monthly connection charge, residential customers would pay the same as business customers and low volume callers would pay the same as high volume callers. This is NOT fair to non-commercial users like myself!

I am hereby asking the FCC to reject this proposed change due to the unfair cost impact it would have on low-volume users.

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Please keep the USF based on usage.

Sincerely,

George Sutherland
